My dearest friend and brother all these years i never knew about this at all i literally came on here looking at headstones for my sons and i thought let me look to see if you had one and look at were we are you were literally everything to me from the jokes we had to the way you were everyday no one will understand how hard it hit me when i saw you in that casket and i carried you to the grave sight i will never forget siting in that limo with your mom and sisters and just looking at them in disbelief my brother you are missed and loved
