As I sat here thinking how can I remember my grandmother who meant the world to me, all I think about is her laughter, her way of thinking, caring, loving, warm touch and best of all her huge heart!! The love that she carried for her family was unimaginable, she loved everyone so deeply especially her 7 great grandchildren who are, still confuse in why she left. But one day they will come into terms and understand why it was her time to go to her heavenly home. Grandma, I will carry your memories and life lessons with me until the day I die. Thank you for all the love attention affection and memories that I will treasure till the end of time. This is a goodbye for now until we meet again! I love you with all my heart and soul. Don't worry we will take care of mom!
