I met Helen a few years ago but had spent many years hearing about her from my mother, Anne, and her daughter Faina. I was very grateful to have met her when I did, but regret not getting to know her better. Helen lived a remarkable life and was an inspiration to many. My sympathies go out to her friends and family as they mourn the loss of a truly wonderful woman.

Helen is a true inspiration. She had so much hope and zest for life. I remember my mother telling me that she bought a house in her late 80's? And blind! and she just kept a forward march, forward thinking. Faina, her daughter, has been a part of my life since birth, and she is like family to us. My deepest sympathy to Faina for this loss of such a beautiful woman who lived a shocking 101.5 years!!!! My mother has always adored her, and i regret that i did not see her in recent times. May her energy, her love, her legacy live on.

I met Helen when I was in 5th grade. She and her children were neighbors. Her daughter, Faina and I became fast friends and are still the best of friends. I am so sorry for the loss to Faina's family. She was one of the most wonderful people in my life. You could say that I saw her as a hero. She raised her 3 children primarily alone and worked so hard to earn her master's degree and become a teacher. In an era when there were very few single parents, she was amazing. As a child I was impressed by her sweetness that persisted throughout her life. She was artistic, intelligent, logical, generous and benevolent. She made great cookies too! She was not in the least judgemental and had a strong faith in God. I only hope that I could be 1/2 the woman she was. She will be very missed by those who loved and admired her. I know she is in heaven and at peace. Love to all of you in the family. - Anne (Pyle) LaFleur
