I remember how kind he was to me whenever I got to see him. Always a nice conversation and he was always smiling. He shared good energy during gatherings, whether a family event or handball tournament. May you rest in peace and continue watching over your beautiful family. Liana Avila ❤️

Probably the only New Yorker outside my family I could really tolerate. I met him through a great friend of mine; his grandson Moses. And man when I tell you if I had a bad day and he was there at the house when I came over, I would forget why I was even sad. He was so funny and charming. And his smile he could probably get away with murder. I didn't believe it when I was told and see this now just makes it harder to believe. He was so awesome and I know he's smiling where he is now because he always had a smile no matter what ❤️

I am very grateful for the genuine love he gave me. I called him Tio for a reason!! I have many funny memories with him and I will keep those memories cherished deeply. I love how he stepped in and took care of my two cousins and became DAD! Much respect for the unconditional love he gave to aunt Carmen. You will be missed and never forgotten. May you rest in peace.

I want to light this candle to help heal and remember you. Small gestures do go a long way. All the little things you did will be remembered.
